Education:
The Evergreen State College (TESC), Olympia, WA
B.S. in Computer Science 2013
B.A. in Political Science and History 2006

Technologies:
Adept: Java, Haskell
Comfortable: Vim, Eclipse, Sublime Text 2, Linux, Windows, OS X
Beginner: C++, Nmap(Network Mapper), Wireshark(packet analyzer), Git

Recent Experience:
Co-founder and SDE at Showgo; http://discovershowgo.com
Participated in Angelhack 2013, Seattle; on the winning team.

Relevant Work History:
Parker Staffing Services (Nintendo) Sept 2008 – May 2010
Bilingual Quality Assurance Associate (French / English)
Certification for all platforms at Nintendo of America. Day-to-day work included compliance testing, memory and extension testing, copy editing for in game error text, bug reports, and bug regression.

Relevant Courses:

Computer Science Foundations, TESC   Fall 2011 - Spring 2012
I studied Haskell, Java and assembly language programming and discrete math. I built a simulated adding machine and experimented with a microprogrammed version of said adding machine.

Android Programming Independent Study, TESC   Summer 2012
I studied Android app construction and designed a program for the Android OS which I then coded and debugged all the while researching Android API

Computability and Language Theory, TESC   Fall 2012 - Winter 2013
I studied Formal Language Theory, Programming Language Design, Advanced Haskell
I built a recursive descent compiler project written in Java, for C-lite

Computing Practice and Theory, TESC   Spring 2013
I studied Data Structures in C++/Java, Networking, Data Mining, Built Data Structures
Formal Languages Project; Coding Formal Language Algorithms into Java

Employment History:
Midori Inc May 2010 – April 2011
Shipping Lead
I executed all daily responsibilities for shipping, including pulling stock from shelves, packing products for shipment and shipping all packages. I engaged with customer service and marketing directly to ensure customer satisfaction. I ensured the warehouse was running smoothly by ordering shipping supplies, keeping it clean and conducted regular safety inspections.

French Ministry of Education Sept 2006 – June 2007
Assistant English Teacher
I taught English to middle schoolers from my own lessons. I benefited from language immersion.
